# M&A MANAGEMENT SOLUTIONS

Website Development Checklist | M&A Management Solutions of Virginia, LLC

## Core Website Pages

- ■ **Home** — Headline, benefits, services overview, clear consultation call-to-action
- ■ **About Us** — Company mission, approach, and commitment to owners
- ■ **Meet the Founder** — Full Antonio Melendez biography, professional headshot, experience and relationship philosophy
- ■ **Our Philosophy** — Three guiding principles and supporting statements
- ■ **Our Services** — Property oversight, rent collection, maintenance, tenant relations, inspections, renewals, leasing coordination
- ■ **Why Choose Us** — Owner-investor perspective, experience, transparency, personalized attention
- ■ **Pricing & Management Plans** — Management, leasing, renewal and other applicable fees; inclusions and disclosures
- ■ **Frequently Asked Questions** — Owner questions on payments, maintenance, vacancies, reporting, and contracts
- ■ **Contact / Owner Consultation** — Contact details, inquiry form, service area, consultation or rental evaluation request

## Portals & Owner Resources

- ■ **Owner Portal** — Link to management software once active
- ■ **Tenant Portal** — Link to tenant software once active
- ■ **Rental Evaluation / Inquiry** — Simple lead form with property details and contact consent

## Branding & Website Assets

- ■ **Brand name and logo** — Public-facing brand and full legal entity identification
- ■ **Founder photo** — Use professional portrait in Meet the Founder section
- ■ **Colors, fonts and imagery** — Consistent navy/silver visual identity and authentic property photography
- ■ **Mobile-friendly design** — Readable, responsive pages and accessible forms

## Operations, Compliance & Launch

- ■ **Confirm actual services** — Align descriptions with operational capacity and licensed activities
- ■ **Brokerage / leasing disclosures** — Identify which services are performed by the appropriate licensed brokerage
- ■ **Virginia advertising and DBA review** — Verify DPOR rules, licensed firm identification, fictitious-name registration
- ■ **Privacy policy and website terms** — Address form data and other applicable website disclosures
- ■ **Domain, email and hosting** — Set up professional domain, inbox, SSL and hosting
- ■ **Contact form testing** — Verify inquiries are delivered and replies work
- ■ **Search visibility** — Page titles, local service-area wording, Google Business Profile as appropriate
- ■ **Final proofread and launch review** — Check links, mobile display, accessibility, spelling and accuracy

*Suggested order: finalize core copy → confirm services and licensing disclosures → choose branding and imagery → build pages → test and launch.*
